

PMI Lakeshore Chapter cordially invite you to attend Saturday February 24th Workshop entitled

“ Implementing Scrum Like A PRO ”

Do you have what it takes to manage an agile project the Scrum way!
 Scrum is the leading agile development methodology, used by Fortune 500 companies around the world. Scrum originally was formalized for software development projects, but it works well for any complex, innovative scope of work, embracing endless possibilities for any industry. Although the Scrum framework is deceptively simple; people are often faced with resistance and challenges from other employees who do not understand the agile world.

Speaker: Mannan Mohammed

Date: Saturday, February 24th, 2018

Venue: Trinity Hall at The Canadian Coptic Centre
